re: Rabbi Zecharia Sionit  
CERTIFIED Mohel

I write this note in praise of the Mohel, Rabbi Zecharia Sionit, currently serving as Rabbi in Sunnyvale, California. I had the privilege of observing Rabbi Sionit several weeks ago when he was the Mohel performing the Brit Milah on my grandson, Yehoshua Benjamin Lebowitz, in Palo Alto, California, on Shabbat Chenukka.

I flew to California with my esteemed father, Rabbi Moshe David Tendler, (Rabbi of Community Synagogue of Monsey, NY and Rosh Yeshiva in Rabbi Elchanan Medical Seminary of Yeshiva University in New York City.) who was the Sandak, holding the baby during the Brit. We were impressed by Rabbi Sionit's meticulous and expert technique, his care for proper sterile surgical procedures, and his professionalism. He performed as an expert and skilled Mohel. It goes without saying, that the Brit Milah was done perfectly and flawlessly and we are very pleased. He met the family on Friday before the Brit, and followed up on Sunday after the Brit and explained everything in a compassionate, considerate and professional manner. I would not hesitate to recommend Rabbi Sionit's services as a certified Mohel to anyone who needs a Brit Milah.
